# Our Company

Bhagwati Lacto Vegetarian Exports (Pvt) Ltd (BLV) is one of the leading Manufacturers & Exporters of Basmati Rice. We are based in Ferozepur, in the north Indian state of Punjab, which is also known as the food bowl of the country.

We are renowned for producing the different premium varieties of Basmati like Traditional Aromatic Basmati Rice, 1121 Basmati Rice, 1401 Pusa Basmati Rice, 1509 Basmati Rice and various categories of Non-Basmati like Sugandha Rice, PR11, Sharbati Rice etc.

BLV has been supplying rice to more than 62 countries of world like UAE, UK, Australia, Italy, Germany, New Zealand, Iran, Mauritius, Russia, Israel, Kuwait, Qatar and many more. We are committed to offer the finest quality rice at competitive price within the scheduled delivery times. Having vast experience of more than 30 years, BLV provides best quality rice to its customers all over the world.

BLV have a dedicated R&D team and testing laboratory with the latest technology by Satake (Japan) to ensure food products of highest quality. BLV has one of the largest parboiled stainless steel Sella plants in Punjab with a milling capacity of 45 metric tons per hour.

Our Managing Director, Mr. Sushil Mittal has established the company as a leader in the market leadership, with his long term vision and excellent business acumen.

At BLV our vision extends well beyond commodity sales. That is the primary reason why we are way ahead of our competitors. We are in a business of an item that is staple food to half of the world's population. Our vision is to provide aromatic authentic Indian Basmati Rice to people all over the world.

We envisage the vision to bond people with a common language of food, providing them the best in terms of taste and quality. "Long term business relationships in the international market" is our motto.

Our primary focus has always been to provide our customers with fresh and highest quality of Rice.

# Overview

BLV has highly trained, skilled and experienced R&D team and a testing laboratory with latest technology from Satake of Japan. We ensure that the end product we offer is of the highest quality.

We have the processing plants conforming to international standards. Our rice factory in Ferozepur is one of the largest plants in Punjab. It is a mega project approved by Government of Punjab.

Our manufacturing and processing infrastructure encompasses mills, processing unit, quality testing labs and a huge warehousing facility that is spread over a vast area. Our mill's infrastructure includes 22 acres of land and a storage capacity of 1,50,000 metric tons in 56 acres. All our warehouses are fully covered and weather proof. Our paddy drying capacity is 130 metric tons.

BLV have ten Silos attached with the dryers for the safe storage of paddy. In addition, our plants are equipped with machines like pre-cleaners, de-stoners, sizers, graders, paddy separator, de-huskers etc. We are a fully vertically integrated organization, encompassing operations like polishing, sorting, packing, branding, distribution & retailing.
